WHAT IS BEING PLANNED ?

CALTRANS (California Department of Transportation) and FHWA (Federal Highways Administration) propose to construct a southbound left-turn lane at Harmony Valley Road on State Route 1 in San Luis Obispo County. The southbound left-turn lane will widen State Route 1 to three lanes- one northbound lane, one southbound lane, and one southbound left-turn lane at Harmony Valley Road. The purpose of this project is to enhance traffic operations and traffic safety.

WHY THIS PUBLIC NOTICE ?

CALTRANS has completed an analysis of the effects this project may have on the environment and has prepared an Initial Study detailing this analysis. On the basis of this study, it has been determined that the proposed project would not have a significant effect on the environment provided certain mitigation measures are added to the project. Therefore, Caltrans proposes to adopt a Mitigated Negative Declaration. The purpose of this notice is to inform you of the availability of the draft environmental document to you, along with the date and location of the public hearing. A hearing will help to give you an opportunity to talk about certain design features of the project with CALTRANS staff before the final design is selected. The hearing will be an open forum/house format and no formal presentation will be made. You are invited to attend anytime between the hours of 5:00 p.m. and 8:00 p.m.

Maps for the proposed Mitigated Negative Declaration and Initial Study and other project information are available for review and copying at the Caltrans District Office 50 Higuera Street, San Luis Obispo, on weekdays from 8:00 a.m. to 5:00 p.m. The proposed Mitigated Negative Declaration and Initial Study are also available at:
